

ZXP6-LD72 Series

Znshinesolar 5BB **Light-Weight** Double Glass Poly PV Module

72

Mono **Poly** Solutions

320W | 325W | 330W | 335W | 340W

Made with selected materials and components to grant quality, duration, efficiency and through outputs, the ZXP6-LD72 double glass modules by ZNSHINE SOLAR feature have both decorative and shading functions. They represent the perfect choice for BIPV and BAPV construction applications. This allows you to produce clean energy whilst reducing your energy bill.

ZNSHINE SOLAR'S ZXP6-LD72 double glass solar modules are tested and approved by international acknowledged laboratories, so that we can offer our customers a reliable and price-quality optimized product.

- 12 years product warranty for general double glass modules**
- 15 years product warranty only for Residential Rooftop PV system**
- 30 years output warranty/0.5% Annual Degradation over 30 years**

Innovative PV module

In comparison with common double glass modules, our modules are extremely robust and superior air tightness

Better Weak Illumination Response

Lower temperature coefficient and wide spectral response, higher power output, even under low-light settings

Easy to install

The module is very light in weight so the installation is easier and transport costs are lower

ZNShine PV-Tech Co., LTD, founded in 1988, is a world-leading high-performance PV module manufacturer, PV power station developer, EPC and power station operator. With its state-of-the-art production lines, the company boasts module output of 5GW. Bloomberg has listed ZNShine as a global Tier 1 PV manufacturer and Top 4 reliable PV supplier.
